Honestly one of the best dental experiences I have ever had. What a soft touch and just so we are clear it was a wisdom tooth she extracted. Great job!!

I had a great experience with Nadine, Dr. Jagdeo and [assistant]! Felt nothing, and everything went really smoothly. They explained everything thoroughly before, during and after. Really happy with how everything went.

Just finished my wisdom tooth extraction, and I must say that by far this experience was far beyond what I was expecting. Dr. Jagdeo did a fantastic job with the extraction, didn't feel a thing. And both [assistant] and Nadine (nurse) made me feel so comfortable and relaxed through the entire process.
